1)

Two people talking

What is David's plan?

- **To shop with his friend**
- **To drive his friend to work**
- To work with his friend
- To meet his friend at 5 p.m.

2)

A radio show

Who will be the guest?

ETIS – THE ANABASIS

- 2017 – Detailed specifications/requirements formulated by Testing Department
- End of 2018 – A public tender won by an IT company based on abridged specifications (testing of writing not included)
- ETIS installed on our University server (Windows server 2016, IIS 10)
- 2019 – Negotiating with the company – testing of writing added + other modifications
- January 2020 until now – ETIS has been working reliably

ETIS DURING LOCKDOWN

Mock writing tests for employees of MoD

- Standardized feedback provided – to 23 L1, 52 L2 and 57 L3 candidates)

THE FUTURE

- Procuring NetSupport School SW
- Exploiting other ETIS functions (eg. the SW automatically assigns the candidates different tests they have not done before etc.)
- Launching distant testing (Webex)
- Signing a maintenance and upgrade contract
